MISSION OF THE DEPARTMENT OF PUBLIC SAFETY

The mission of the Cabrini College Department of Public Safety is to provide a safe environment for the College community through education and crime prevention awareness programs, by promoting an atmosphere of security in and around the campus, and supporting a culturally diverse atmosphere for all employees, students and visitors. This mission would not be complete without the full support of Cabrini College. The Department of Public Safety works closely with other College departments, including Residence Life, Student Engagement and Leadership (SEaL), Campus Facilities and others.

YOUR SECURITY AT CABRINI COLLEGE

Your safety and security is extremely important to us at Cabrini College. The following information is provided to share our commitment to the security of our College family, to inform you about our campus security policies and procedures, let you know how to report crime or suspicious behavior and the steps you can take to assist Public Safety in keeping the College community safe.

The total enrollment at Cabrini College for the fall of 2012 was 1,298 full-time equivalent undergraduate students (FTE) in on-campus programs, 1,396 full-time and part-time graduate students in on-campus and off-campus programs, and 103 part-time undergraduate students. As of November 2012, 812 students lived on campus, and there were 489 non-student personnel employed by the College.

Campus security has been improved by updating and adding additional emergency phones and improving the lighting throughout campus. New exterior lighting included fixtures fitted with LED lamps to lower operating costs and increase lamp life. A new C-CURE 9000 Access Control System, one of the fastest and most secure access control systems available, was installed to replace the existing system in all residential and academic buildings. New emergency back-up generators were installed in two buildings to provide electrical power during power outages.

In addition, the College continues to update and vigorously enforce the Cabrini College Community Standards. It is your responsibility as a Cabrini student to familiarize yourself with the Community Standards, which can be readily accessed at www.cabrini.edu/handbook. The Community Standards informs students of the College's expectations of a Cabrini Student, each student's responsibilities as a member of the Cabrini community, and informs students of disciplinary procedures and sanctions.

WHY AN ANNUAL SECURITY & FIRE SAFETY REPORT Federal Legal Requirements – The Clery Act

Enacted in 1990, The Student Right to Know and Campus Security Act (pub. L. 101-542) was designed to "...assist students in making decisions which affect their personal safety..." and "...to make sure institutions of higher education provide students, prospective students, and faculty the information they need to avoid becoming the victims of campus crime." The Higher Education Act of 1998 and the subsequent amendment of the implementing regulations (34 C.F.R. 668.46) significantly expanded institutions' obligations under the Act. The Act was also renamed the "Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act" (hereafter the Clery Act). The Clery Act requires colleges and universities to:

- Publish an annual report every year by October 1 that contains three years of campus crime statistics and certain campus security policy statements.
- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities. The statistics must be gathered from campus police or security, local law enforcement, and other college officials who have "significant responsibility for

student and campus activities,"

- Provide "timely warning" notices of those crimes that have occurred and pose an ongoing "threat to students and employees."
- Disclose in a public crime log "any crime that occurred on campus . . . or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department."

State Legal Requirements - The College & University Security Information Act

The College & University Security Information Act 73 (24 P.S. 2501.12), as implemented in 1991 under Chapter 33 of the Regulations of the State Board of Education, and supplemented by the Pennsylvania Uniform Crime Reporting Act (S.B. 668, 2003, Act 180), requires colleges and universities to:

- Report to the Pennsylvania State Police on an annual basis crime statistics for publication in the FBI's Uniform Crime Report, which collects data on additional categories of felony and misdemeanor crime.
- Report crime rates for all reportable offenses.
- Provide the numbers of enrolled students and employees.
- Disclose information and security policies on the types of available student housing, admission of visitors to housing facilities, measures to secure entrances, and standard features to secure room doors.

The purpose of this report is to keep enrolled students and current employees, as well as prospective students or employees, informed about security and fire safety at Cabrini College, and equip you with the information you need to stay safe while at Cabrini. It also describes the public safety policies and procedures of the College, in the hope that an informed campus will be a more secure campus. Links to individual public safety policies and procedures are also available at the Cabrini website under the "Public Safety" at www.cabrini.edu/publicsafety.

THE DEPARTMENT OF PUBLIC SAFETY - WHO WE ARE

The Department of Public Safety is the primary department at Cabrini College charged with creating a safe and secure environment. This task, however, is not one we can accomplish alone. Crime prevention, risk identification, and problem solving are the responsibilities of everyone. We ask you to join us in these efforts by reading this report and referring to it often.

Our efforts to maintain a safe and secure environment rely on our ability to develop collaborative relationships with the many communities that make up the College. We believe that through partnering and problem solving, we can make Cabrini College one of the safest institutions of higher education in the region. We hope you will find this report informative and helpful, and that your stay at Cabrini College will be both pleasant and safe. If you have questions or would like further information about safety and security at Cabrini, please visit our website www.cabrini.edu/publicsafety.

The Department consists of a director, two assistant directors, and 14 Public Safety Officers along with 6 other team members dedicated to providing safety and security services to the College community. Officers patrol the campus on foot, by bicycle, and in vehicles. The Communications Center is staffed by trained dispatchers who answer calls for service, dispatch officers to incidents, and monitor intrusion detection and fire alarms. The Department of Public Safety patrols the campus 24 hours each day, 7 days a week, and is responsible for the security of the Radnor campus and certain off-campus buildings. Public Safety Officers' duties include educating the campus community on security concerns and enforcing College policies. Additionally, the Public Safety team promotes the Cabrinian core values and

Strategic Initiatives of the College (see Strategic Agenda at www.cabrini.edu.). Cabrini College and the Department of Public Safety are a vital part of the international educational ministry of the Missionary Sisters of the Sacred Heart of Jesus.

Officers receive orientation training in areas such as cultural diversity, building security, key control, procedures related to arrests by police officers, and patrol procedures, and are required to attend mandatory in-service training throughout the year to enable them to perform more efficiently and more safely. They also train in specialty areas including medical emergencies and proper handling of hazardous materials, and assist outside law enforcement and emergency medical responders in all of these areas. All members of the Department of Public Safety participate in annual in-service training programs covering a variety of subjects including Blood Borne Pathogens, Spill Prevention, and Alcohol Awareness training programs.

The Public Safety Department provides an ongoing program of in-service and on-the-job training for patrol officers in cardiopulmonary resuscitation (CPR), first aid, use of the Automated External Defibrillators (AEDs), patrol procedures, emergency response, fire safety, and report writing.

Enforcement Authority

The Department of Public Safety is comprised of non-sworn Public Safety Officers who derive their enforcement authority from the Board of Trustees. Since the use or possession of firearms or other dangerous weapons is not permitted on campus, Public Safety Officers neither carry weapons nor have arrest powers, but work with local police to carry out an arrest. Their authority includes but is not limited to issuing campus parking violations, requesting identification, determining if a person is on campus for the conduct of lawful business, and enforcing the Community Standards.

In its efforts to provide a safe campus, the Department of Public Safety and the College educate the student body about and enforce the provisions of Cabrini's Community Standards, which is broader in scope than the Clery Act or state law. The Community Standards clearly set forth the parameters of behavior for each member of the Cabrini Community to achieve an "education of the heart".

Upon receipt of any complaint (criminal or otherwise), an officer will respond to the site to take a report and, if applicable, enter it into the Daily Crime Log and include the crime in the Annual Security and Fire Safety Report. A follow-up investigation will be conducted in appropriate situations. Anyone who is the victim of a crime is encouraged to report the crime to Radnor Police. Public Safety Officers cannot report a crime for the victim but can instruct the person on how to make a report. Radnor Police will only take a report from the victim.

The Department of Public Safety works with the Facilities Department to monitor the safety and security of College buildings and grounds. As a result of this collaboration, the College has installed high intensity discharge lighting, LED lighting in high traffic areas, and has trimmed shrubbery that could provide cover or concealment for criminals or suspicious behavior. The Department of Public Safety also works closely with the Department of Residence Life to maintain a safe environment in and around residence halls.

Emergency Telephones/Blue Light Phones

Emergency telephones are located at each residence hall, in all campus elevators, and throughout the campus. The College has installed 40 two-way emergency phones throughout the Radnor campus for use during emergencies – 14 yellow call boxes and 26 pedestal mounted "Blue Light" phones. Without

dialing, the caller is immediately connected to a Public Safety dispatcher in the communications center. The location of the call is automatically recorded and response is immediate.

Students and employees may call the Department of Public Safety 24 hours a day, 7 days a week and request an escort from one campus building to another, or to and from the campus parking areas.

Other Services

In an effort to enhance the safety and security of Cabrini College, the Department of Public Safety offers a variety of services and preventative programs. Throughout the academic year, the Department regularly sponsors educational programs on campus upon request on issues such as vandalism, fire safety, rape prevention, and alcohol and drug abuse. Emergency notifications and transports, oncampus motor vehicle assists to stranded motorists, room lock-outs, and walking escorts are all provided by Department of Public Safety personnel. The Public Safety Office distributes all student, faculty, and staff photo ID cards, and maintains the lost and found repository.

Transportation System

Cabrini College's shuttle transportation system is operated by the Department of Public Safety. The shuttle is available for transportation between the main campus, the King of Prussia Mall area, and the Radnor SEPTA rail lines during the week and on weekends. Additionally, the Department runs the Lancaster Avenue Loop Shuttle from 7:15 p.m. to 11:00 p.m. Sunday – Saturday during the school year. An on-campus escort service is also available to students traveling alone.

INTERAGENCY COOPERATION

The Radnor Township Police Department, the Tredyffrin Township Police Department, and the Pennsylvania State Police are the major elements in a crime-prevention network that includes the public safety agencies of several colleges and universities located in Radnor Township. The Cabrini College Department of Public Safety works closely with these and other local law enforcement agencies surrounding our campus. Students attending Cabrini College benefit from the cooperative relationship that the Department of Public Safety enjoys with federal, state, county, and local police agencies. We rely on these relationships for support on several levels.

In addition to passing critical information among one another, the Department of Public Safety has immediate contact with Delaware County Dispatch. This arrangement allows us timely access to mutual aid and support from Radnor Police, the Radnor Fire Department, and the Radnor Emergency Medical Service. Radnor and Tredyffrin police officers regularly patrol the township streets that border the campus, and occasionally work at large annual events on campus as well as special events that occur on an intermittent or last-minute basis.

There is an emergency service agreement with the Radnor Police Department to respond to all campus emergencies and alleged criminal incidents when contacted. Significant criminal incidents and suspicious criminal activity are reported to the Radnor Police Department as they are discovered by or reported to Public Safety or other CSAs. Similarly, criminal events occurring off campus, but in the area that could impact the safety of the College community, are transmitted by the Radnor Police Department to our Public Safety Department.

Additionally, the Department of Public Safety is an active member of the Campus Security Directors' Association of Delaware Valley. The Association serves as a forum for sharing information among campus security personnel from colleges and universities in the Philadelphia region. Representatives

meet quarterly during the academic year to share information about campus criminal activity and criminal suspects preying on students from member institutions.

PREPARING THE REPORT

The Cabrini College Department of Public Safety is responsible for preparing and distributing this report which includes crime statistics for the past three calendar years. The Department of Public Safety works with many other College departments, including the Department of Residential Life, the Campus Facilities Department, and the Title IX Compliance Officer to compile the information. It is available on the Web at www.cabrini.edu/annualsecurityreport. Each member of the College community receives an email that describes the report and provides its Web address. For a paper copy of the report, contact the Department of Public Safety (610) 902-8245 or e-mail the Director of Public Safety at cdoyle@cabrini.edu.

The Radnor Township Police Department and the Tredyffrin Township Police Department, as well as other local law enforcement agencies and persons identified by the College as "Campus Security Authorities" ("CSAs") all cooperate in the preparation of the report. Campus Security Authorities ("CSAs") include members of the Department of Public Safety, individuals who have responsibility for campus security but are not part of Department of Public Safety Department, and certain designated College officials. College officials are persons who have the authority and the duty to take action or respond to particular issues on behalf of the institution. Other CSAs include:

- Members of the Residence Life Department including Area Coordinators (AC) and Resident Assistants (RA)
- Department Heads
- Dean of Students
- Student Health Services
- Athletic Department Coaches and Advisors
- Counseling Services

CSAs report allegations of Clery Act crimes made in good faith to either the Department of Public Safety or Radnor Police. RAs in particular play a key role in reporting criminal activity in the residence halls and are required to keep a log of incidents occurring during their shifts. In most instances, Residence Life staff will be involved in answering a call for assistance.

The Clery Act requires, among other things, an annual statistical report of certain crimes reported to the Department of Public Safety, the police departments in Radnor and Tredyffrin Townships, or to a Campus Security Authority: Murder, Non-negligent Manslaughter, Negligent Manslaughter, Sex Offenses (forcible, non-forcible), Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, and Arson (collectively, "Clery Act Crimes"). The Clery Act also requires a college to compile statistics on hate crimes, liquor law and drug law arrests as well as arrests for possession of illegal weapons. Additionally, the report includes statistics on the number of students referred for campus disciplinary action for liquor, drug law violations, and weapons possession violations. The report includes additional safety requirements, such as enhanced hate crime reporting, emergency notification, response and evacuation procedures, missing student notification, maintenance of a fire safety log and related fire safety issues, all of which are described in more detail herein. The statistics are broken down by location: on campus, non-campus, and public property.

DAILY CRIME LOG

In compliance with the Clery Act, the Department of Public Safety maintains a daily log of all crimes reported to Public Safety, whether occurring on campus, on a non-campus building or property, on public property or within the patrol jurisdiction of the Public Safety Department. All crimes reported to the Department of Public Safety are documented in the Daily Crime Log. The entry or an addition to the entry is made within two (2) business days of the report. The Daily Crime Log records information of alleged criminal incidents reported to the Department of Public Safety; i.e., the nature of the crime, its general location, the date reported, the date and time it occurred, and the disposition of the complaint. The crime log for the last 60-day period is located in the Public Safety Office and is open to public inspection upon request during normal business hours. Portions of the crime log older than 60 days are made available within two (2) business days of a request for inspection. Crime logs are kept for seven (7) years.

CONFIDENTIAL REPORTING PROCEDURES

If you are a victim of a crime but do not want to pursue action either within the College or through the criminal justice system, you may still wish to consider making a confidential report to the College. You may report an incident without revealing your identity. A confidential report helps the College to comply with your wish to keep the matter confidential while assisting the College in its efforts to make the campus a safe place. Such reports also assist the Department of Public Safety in maintaining accurate records of the number of incidents involving students, recognizing if there is a discernible pattern of crime, and alerting the campus community to any potential danger.

Reports filed in this manner are included in the crime statistics for the College if they are "Clery Act crimes," and are listed in the Daily Crime Log but in a confidential manner.

College counselors (when acting as a counselor) are not CSAs and are not required to report crimes for inclusion in the Annual Security and Fire Safety Report's disclosure of crime statistics. Counselors are encouraged to inform a person being counseled of the procedures to report crimes on a voluntary and/or confidential basis.

RESIDENCE HALLS

Cabrini College offers a variety of housing configurations, including singles, doubles, triples, quads and apartments. Cabrini also offers coeducational residence halls.

The Department of Public Safety, the Department of Residence Life, and the student residents themselves share responsibility for the security and safety of the residence halls. Two area coordinators (ACs) who are full-time Residence Life professional staff members manage all aspects of their assigned campus areas and also serve in counseling, supervising, advising, disciplinary and programming roles. ACs reside on campus in an apartment within one of our residence facilities and oversee 28 RAs. Residence Life staff (ACs and RAs) monitor residence hall safety conditions, and are trained in safety and security issues and fire safety during summer workshops.

The main entrances of each residence hall may only be accessed through the College's electronic identification swipe-card system. It is a violation of College policy for a student to permit someone else to use his or her identification card. The buildings are locked 24 hours a day, 7 days a week, and Public Safety Officers and Residence Life staff members check residence halls and houses periodically during their shifts. Entrances to the larger residence halls – Xavier, Woodcrest, East, and West Residence Hall – are regularly staffed by Residence Life Desk Assistants from 8 p.m. until 2 a.m. Students' room

doors are equipped with heavy-duty dead bolt locks and peepholes. The side and back doors of all residence halls and houses are alarmed to prevent propping. Visitors to the residence halls must sign in on a visitor's register.

All academic buildings are locked after evening classes and unlocked in the morning when classes are scheduled to begin. The Department of Public Safety patrols all residence halls on a regular basis. Inasmuch as the Cabrini campus is considered private property, trespassers are escorted off campus by Public Safety Officers and/or arrested by Radnor Police. While Cabrini College is an open campus, access is not limited during the day. After hours from 12:00 a.m. to 5:00 a.m., limited security-controlled campus access is afforded through the Upper Gulph Road Welcome Center entrance.

REPORTING CRIMES AND ADDITIONAL SECURITY INFORMATION

It is critically important that all crimes occurring on campus or in/on College owned or leased off-campus buildings and property be immediately reported to the Department of Public Safety to ensure that appropriate action is taken. For each incident reported, an investigation is conducted and a file is created. Crimes can be reported at any time of day or night seven days a week as follows:

- In person (walk-ins) at the Public Safety Office located in the east wing of the Mansion.
- **By calling** the Department of Public Safety at **-8245/610-902-8245** or by using one of the emergency phones on campus. Public Safety dispatchers will answer this line promptly.

We encourage all students, employees, contract workers, faculty members, and guests to promptly report criminal incidents, accidents, and other emergencies to the Department of Public Safety. To the extent possible, confidentiality and anonymity are respected when requested. The Department takes reports of all crimes that occur within our jurisdiction with one exception. Reports of stolen motor vehicles are immediately referred to the Radnor Police Department. The Department of Public Safety will take an internal report of the incident, but Radnor Police will be responsible for entering the specifics about a stolen vehicle into the FBI's National Criminal Information Center (NCIC) computer system and conducting any follow-up investigation.

Routinely, through brochures, pamphlets, memorandums, and in-house publications, members of the campus community are educated regarding the reporting to the Department of Public Safety of all criminal or suspicious activities that occur on campus. Additionally, the campus community is informed of security matters of concern both on and off campus. They are also advised to report all criminal acts occurring off campus to the Radnor Police Department.

SEXUAL ASSAULT POLICY

Cabrini College recognizes that sexual assault, rape, and other sex offenses constitute crimes that have medical, psychological, educational, social, sexual and legal implications for the victim. The College conducts ongoing educational programs to promote awareness and prevention of rape, acquaintance rape and other sex offenses. The education, awareness and training programs consist of lectures, multimedia presentations, brochures and pamphlets. There is an annual sexual violence awareness program for resident freshmen plus a lecture to students related to sexual violence prevention and awareness.

The College is committed to the sensitive treatment of the victim and the need to protect their confidentiality. Victims are strongly encouraged to report sexual assault, whether it has occurred on or off campus, to the Department of Public Safety or file a report with one of the other CSAs or the Radnor

Police Department. Then, a victim may receive assistance and support and learn about options to file a complaint. The Department of Public Safety will coordinate contact with the appropriate outside police agency, usually the Radnor Police Department. Support is available to the victim at the time of and after the incident. Members of the Campus Ministry, Counseling, Health Services, Residence Life, and Department of Public Safety are all available on a 24 hour basis, 7 days a week to offer professional and other supportive services to the victim and to advise the victim on reporting to the Department of Public Safety, the Radnor Police, or other law enforcement agency of primary jurisdiction where the incident/crime occurred.

There are numerous sources of victim support off campus in the local community, such as Delaware County Women against Rape. This organization can be reached at 610-566-4342. The victim is cautioned not to bathe, douche, tidy up or otherwise discard or conceal any evidence that might be used to apprehend the offender.

The victim may file a police report with the Radnor Police Department by dialing 911 as well as report to a CSA. CSAs will assist the victim with contacting the police and making a confidential report, if the victim desires.

The College recognizes, however, that the victim has the right to report the incident without filing a complaint on campus or filing a criminal complaint. The College also recognizes the need to protect the victim's confidentiality and will honor a request for such to the extent feasible, consistent with the College's responsibility to maintain a safe environment for its community. College personnel who receive a report of sexual assault or rape from a student should, at a minimum report the basic information regarding the incident (e.g., date, time; place) to a CSA who will, in turn, specifically report to the Dean of Students, the Director of Residence Life, and the Director of Public Safety.

Upon receipt of a complaint, the Department of Public Safety will proceed with an investigation with the assistance of Residence Life. Radnor Police will also investigate the charges. Charges of a sexual offense are processed by the College in the same manner as all other infractions of Community Standards.

In cases involving an alleged sexual offense, the accuser and accused are entitled to the same opportunities to have others present during any disciplinary proceeding held by the College. The accuser and the accused, or the next-of-kin if the victim is deceased, are both informed of the College's final determination with the respect to the alleged sexual offense and any sanctions imposed.

In the event the disciplinary proceeding results in a finding against the accused for rape or acquaintance rape, or other forcible or non-forcible sex offense, the College may impose sanctions including suspension of residence hall privileges, social probation, and suspension, withdrawal or expulsion from the College.

In all cases of alleged sexual assault, the College will take all reasonable steps to ensure the victim's physical safety and general well-being, including changing living and academic situations.

SEX OFFENDER REGISTRY AND ACCESS TO RELATED INFORMATION

The federal Campus Sex Crimes Prevention Act (Public Law No. 106-386 §1601), which went into effect on October 28, 2000, requires each state to provide information regarding registered sex offenders to the local law enforcement agency with jurisdiction where an institution of higher education is located. The law also requires institutions of higher education to issue a statement advising the campus

community where state law enforcement agency information concerning registered sex offenders may be obtained. Under Pennsylvania's Megan's Law, 42 Pa.C.S. 9799.1, information regarding registered sex offenders may be obtained at http://www.pameganslaw.state.pa.us/

EMERGENCY NOTIFICATION SYSTEM/TIMELY WARNINGS

(See also Emergency Notification System sign up at www.cabrini.edu/TXT, and policy for Issuing "Timely Warnings" to the Campus Community at www.cabrini.edu/PublicSafety.)

If a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurs on campus, the College will employ its emergency notification system.

Once the Department of Public Safety determines that there is a significant emergency or dangerous situation involving an immediate threat, the Vice President for Advancement and External Relations, conferring with the Director of Public Safety, shall immediately notify the campus community. Where appropriate, the Vice President for Advancement and External Relations and the Director of Public Safety will determine the segment(s) of the College to receive a notification. The Vice President for Advancement and External Relations and the Director of Public Safety will, following the confirmation of the emergency, then determine what the notification shall contain and initiate the notification, unless the Director of Public Safety determines that to do so would create a possible risk of compromising law enforcement efforts.

In the event that a situation arises, either on or off campus, that, in the judgment of the Director of Public Safety, constitutes an ongoing or continuing threat to the campus community, a campus wide "timely warning" will be issued. The "timely warning" alerts the campus to certain Clery Act crimes and aids in the prevention of crime. The warning will be issued through the College notification system called *e2Campus*, which is described below. In such instances, warnings disseminated through the College e-mail system and/or posted to the website will describe the nature of the event, and/or a copy of the notice will be posted in each residence hall, or on the front door of each apartment or other buildings which may be affected by the particular criminal threat.

The e2Campus system, which is an opt-in system requiring users register/log in, uses text messaging and email to alert students, faculty and staff to potentially dangerous situations. In the event of such an emergency, the College will issue such emergency notifications and/or, when appropriate, "timely warnings" to students, faculty and staff about emergency situations or crimes occurring on or proximate to the campus, when those crimes are determined to represent a potential threat to their safety and if self-protective actions should be taken, regardless of whether or not the alleged victim and/or perpetrators are members of the Cabrini community.

Generally, *e2Campus* and other communications, including any verbal announcements/notifications, will direct recipients to the College's e-mail system or website for additional information and/or updates.

Although participation is voluntary, successful implementation and maximum effectiveness rely on campus-wide participation. We strongly urge all students, faculty and staff to sign up to receive timely emergency alerts. To register or update your information with e2Campus, please go to www.cabrini.edu/TXT. You will be required to have your cell phone in hand when you register. Follow the instructions, choose an opt-out date, and then validate your account after you receive your text number validation on your cell phone.

The emergency notification system is tested at least annually on an announced basis.

EMERGENCY RESPONSE PLAN

The College Emergency Response Plan (or evacuation plan) is available on the College website at www.cabrini.edu/publicsafety. This plan sets forth Cabrini's evacuation plan in the event of any campus-wide emergency.

Due to the unpredictable nature of emergencies, the Emergency Response Plan is organized according to *general* detection, notification, and response guidelines. There are sections of the Plan containing specific response strategies pertinent to specific kinds of emergencies where appropriate. It is recognized that no plan can cover all contingencies; therefore, the Emergency Response Officer (i.e., the Director of the Public Safety Department or other person as designated by the College President), and members of the Emergency Response Team – the President, Vice President for Finance, Vice President for Student Life, Vice President for Academic Affairs, Vice President for Advancement and External Relations, Director of Facilities, Director of Residence Life and Director of Public Safety – possess authority to employ strategies not specified in the Emergency Response Plan commensurate with their responsibility to protect life and property. Key to the effectiveness of the Emergency Response Plan is the quality of resource information contained therein. The maintenance of resource information in the Plan is the responsibility of the Director of Public Safety and is verified on an annual basis.

The Emergency Response Officer or Emergency Response Team member shall direct the immediate response of emergency assistance (e.g., Police, Fire, Ambulance) based on the circumstances of the emergency; direct the deployment of all appropriate College resources (e.g., Facilities, Student Life); and evaluate the need for additional outside assistance from private and governmental entities based on the circumstances of the emergency conditions (e.g., housing, transportation, environmental hazard, etc.).

The Emergency Response Plan is tested at least annually on an announced basis. The date, time, and description of the exercise are documented.

The Emergency Response Plan follows the Incident Command System model, enabling a coordinated response and unity of command in the event of a critical incident on campus.

ALCOHOL AND DRUG POLICIES

(See also the Public Safety Policies & Procedures regarding alcohol and drugs at www.cabrini.edu/PublicSafety)

The Clery Act requires institutions of higher education to annually report the number of arrests and the number of persons referred for disciplinary action for drug and liquor law violations. Annually, the College provides these statistics to the U.S. Department of Education and the Pennsylvania State Police.

ALCOHOLIC BEVERAGES AND ILLEGAL DRUGS

The legal drinking age in Pennsylvania is 21. In accordance with Pennsylvania law, it is both illegal and a violation of the Community Standards for students and their guests under the age of 21 to possess or consume alcoholic beverages on Cabrini's campus. Underage students are prohibited from having alcoholic beverages in their rooms, and legal-aged students are prohibited from furnishing alcoholic beverages to minors.

The College permits legal-aged students and their legal-aged guests to possess and consume alcoholic beverages, in moderation, but only in those residence hall rooms where all residents are 21 years old or older (State legal age). All students are prohibited from consuming alcoholic beverages in public areas on campus. The College considers violations of the alcohol policy and intoxication, and disorderly or offensive behavior resulting from the use of alcoholic beverages, to be violations of the Community Standards and subject to disciplinary action and parental notification in addition to possible criminal charges.

Under state and federal laws, the possession, use or sale of narcotics or unauthorized drugs is illegal. Such actions also violate the Community Standards. The College abides by and enforces all federal and state laws on the possession, use and sale of narcotics and other unauthorized drugs. Persons involved in this type of activity on campus are subject to disciplinary action and parental notification, in addition to possible criminal charges. Drugs and drug paraphernalia found in residence hall rooms or other campus locations are turned over to the proper authorities and, as warranted, the person is turned over to the proper authorities as well. The College will not shield students from possible legal consequences of drug possession, sale or use.

Cabrini complies with the Drug Free School and Communities Act by enforcing policies which include sanctions for illegal alcohol and other drug use and by providing students and employees with information and services to understand those policies. Cabrini's Community Standards sets forth standards of conduct clearly prohibiting the unlawful possession, use, or distribution of alcohol or illegal drugs on the campus.

The Community Standards clearly states that sanctions apply to student acts committed while under the influence of alcohol or illegal drugs, such as public disturbances, endangerment to self or others, or property damage.

WEAPONS POLICY

The Clery Act requires that the College annually report the number of incidents involving the possession of weapons. The possession or use of any weapon in any College building or on the campus is strictly prohibited. This prohibition assists in reducing the probability of violence and injury to the members of the College community.

HATE CRIMES

Any Clery Act crime, any other crime involving bodily injury, and any larceny/theft, simple assault, intimidation, destruction, damage or vandalism of property in which the victim is intentionally selected because of the actual or perceived race, gender, religion, sexual orientation, ethnicity/national origin or disability of the victim, is a "hate crime" and is included in the Annual Security and Fire Safety Report.

Any questions or concerns regarding prohibited harassment in the College community should be directed to the Department of Public Safety or other CSAs.

The State of Pennsylvania also considers certain crimes to be more serious when motivated by hatred or malice based on race, color, religion or national origin of another group. These underlying offenses include, but are not limited to, crimes against persons such as harassment, terroristic threats, and assaults.

Victims should immediately report any such activities or crimes to the Department of Public Safety and/or the local police department.

MISSING STUDENT NOTIFICATION

If a member of the Cabrini College community has reason to believe that a resident student is missing, s/he should immediately notify Public Safety at 610-902-8245 or notify a CSA. [For purposes of this section only, the term "resident" shall refer to a student who resides in on-campus student housing.] If a CSA is notified, the CSA shall immediately notify a member of the Department of Public Safety. Upon notification, the Department of Public Safety will inform the Dean of Students that a resident has been reported as missing and will immediately undertake an investigation to locate the resident. If the resident is not located within 24 hours of the initial report, the Radnor Police Department will be notified by the Department of Public Safety. The Dean of Students shall remain informed by Public Safety of the developments in and outcome of the investigation.

If the Department of Public Safety or the Radnor Police determines that a resident IS missing, the Department of Public Safety shall inform the Dean of Students who will then notify the resident's confidential contact person that s/he has been missing within 24 hours of that determination, and notify the Vice President for Student Life. If the missing resident is under the age of 18 and is not an emancipated individual, the Dean of Students will notify the resident's parent or legal guardian immediately after the Department of Public Safety has determined that the resident has been missing for more than 24 hours. Unless Radnor Police made the determination that the resident was missing, the Department of Public Safety shall inform the Radnor Police that the resident has been determined to be missing within 24 hours of its determination.

If the Department of Public Safety determines that the resident is NOT missing, it will so inform the Dean of Students who will then request a meeting with the resident upon his/her return to campus to discuss the importance of informing roommates, friends and/or family members of any departure from campus that will exceed 24 hours.

All students, resident or not, are responsible for ensuring that the emergency contact information on file with the Registrar's Office and Residence Life is accurate and current. In addition to collecting emergency contact information, each student has the option to name a contact person(s) who shall also be notified if a resident is determined missing. The confidential contact information is confidential and may only be disclosed to law enforcement personnel who are involved in the missing person investigation. Should the student decide not to declare a separate missing resident student notification form, information contained on the emergency contact form will be used.

STUDENT AND STAFF RESPONSIBILITY

The cooperation and involvement of all members of the Cabrini community in an overall program of campus safety is a necessary prerequisite for success. For example, students and staff who see unfamiliar or unauthorized visitors on campus should report them at once to the Department of Public Safety. By learning and practicing basic safety and security precautions, each individual will help make Cabrini College a safer place to live, work and to learn.

Residents should <u>always</u> lock their room doors when the room is unoccupied – even for a minute – and at night. The serial numbers of valuable items such as small electronic devices should be kept in a safe place. By working hand-in-hand with the Department of Public Safety, staff and students may positively influence the security of the campus.

The Department of Public Safety is also responsible for the enforcement of all campus parking rules and regulations. Therefore, all student vehicles must be registered at www.thepermitstore.com, and all faculty and staff must register their vehicles with the Department of Public Safety. Please practice common sense by keeping your vehicle locked at all times.

PUBLIC SAFETY SUMMARY

Criminal actions, dangerous activities, suspicious behavior, and emergencies should be reported immediately to the Department of Public Safety at 610-902-8245. Public Safety Officers are on duty every day, 24 hours a day. Please program the Department of Public Safety emergency phone number into your cell phone.

Emergency telephones are located at the entrance to every residence hall and most campus buildings. You will also see emergency blue-light telephones throughout the campus.

Members of the Cabrini College community must assume responsibility for their own personal safety and the security of their personal property.

- 1- Never take personal safety for granted.
- 2- Trust your instincts. If something doesn't feel right, it probably isn't.
- 3- Travel in groups and use well-lit routes.
- 4- Carry only small amounts of cash.
- 5- Use good judgment when traveling off campus.
- 6- Always lock the door to your residence hall room, whether or not you are there. Be certain that your door is locked when you go to sleep, and keep windows closed and locked when you are not at home.
- 7- Never let strangers into the residence halls, apartment buildings or houses.
- 8- Be mindful of what you place on the Internet.
- 9- Inventory your personal property and insure it appropriately with insurance coverage.

Additional details about specific crime statistics are available from Cabrini's Director of Public Safety by calling 610-902-8245. Cabrini's crime statistics are also published by the United States Department of Education at http://ope.ed.gov/security/).

The information in this publication has been compiled in compliance with the College and University Information Act (ACT 73) of the Commonwealth of Pennsylvania. No warranty, guarantee or representation is made by Cabrini College as to the absolute security and safety of the campus. The College reserves the right to change these policies, but will alert enrolled students and current employees of any changes. Please refer to the Community Standards for Student Conduct and the Department of Public Safety website for further details on policies and procedures.

AVAILABILITY OF THE ANNUAL CAMPUS SECURITY AND FIRE SAFETY REPORT

The Annual Campus Security and Fire Safety Report is available online at (www.cabrini.edu/AnnualSecurityReport). The College will provide a paper copy of the report upon request from enrolled or prospective students and current or prospective employees of the College.

LOCATION AND GEOGRAPHIC DEFINITIONS

Campus: Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls.

Residence Facilities: On campus residence halls or other residential facilities for students. This means a student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student housing facility.

Non-campus: Any building or property owned or controlled by a student organization that is officially recognized by the institution. Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonable contiguous geographic area of the institution.

Public Property: All public property, including thoroughfares, streets, sidewalks and parking facilities, that is within the campus or immediately adjacent to and accessible from the campus.

Important Campus Phone Numbers:

Public Safety: 610-902-8245
Residence Life: 610-902-8410
Student Engagement and Leadership (SEaL): 610-902-8755
Facilities: 610-902-8242

CRIME RATES AND STATISTICS

The statistics below represent incidents reported to and confirmed by the Cabrini College Department of Public Safety Department. They do not represent actual arrests for crimes allegedly committed on campus. The number of citations for the following specific crimes that occurred is as follows. Crimes reported in the residential facilities are also included in the on-campus category.

С	CABRINI COLLEGE CRIME RATES AND STATISTICS

HATE CRIMES

There were no Clery Act Hate Crimes reported in 2010, 2011 or 2012.

2013 Annual Fire Safety Report on Student Housing

The Higher Education Opportunity Act (Public Law 110-315) became law in August 2008, requiring academic institutions to produce an annual fire safety report outlining fire safety practices, standards, and all fire-related on-campus statistics. Cabrini College has prepared this report, which includes required information about student housing fire safety systems, fire drills, fire safety policies and education and training programs.

On Campus Housing Fire Safety Equipment and Fire Statistics

An on-campus student housing facility is a dormitory or other residential facility for students located on an institution's campus. Cabrini College has eleven on-campus student residence halls. The chart at the end of this report indicates the fire safety equipment in each hall as well as fire events for the past 3 calendar years. Fire alarm systems are monitored 24 hours a day, 365 days a year by a certified central station fire alarm monitoring company. When an alarm is activated, the central station dispatcher immediately contacts the Department of Public Safety. Public Safety Officers are immediately dispatched to the activation location. Public Safety Officers have two-way radio communications with the Department of Public Safety dispatch center and can advise them if fire department response is warranted. The Department of Public Safety dispatcher then calls 911 to request fire department response as needed.

Tampering with fire safety equipment or setting off a false alarm is illegal. It also makes the alarm system ineffective and endangers the lives of other persons living in the residence halls. Any person who sets off a false alarm, interferes with the operation of the alarm system, damages or removes any part of the alarm system, fire extinguishers, smoke detectors, or exit signs, or in any other manner interferes with or otherwise hampers the effectiveness of the fire safety system, is subject to severe disciplinary action, including dismissal from the residence halls, possible suspension or expulsion from the College, and/or criminal prosecution. If a smoke detector is detached from the wall for any reason, it is the responsibility of the person residing in that room to report it immediately. If not reported, all residents will be held responsible for tampering with fire safety equipment and will be disciplined and/or fined.

Inspection, testing, and maintenance programs for fire sprinkler, fire/smoke detection, and fire alarm systems are performed and recorded on an annual basis in accordance with National Fire Protection Association (NFPA) 72, National Fire Alarm Code and with NFPA 13 and 13A. Training and competency of state certified personnel responsible for the routine inspection, testing and maintenance of fire sprinkler, fire/smoke detectors and alarm systems is handled by the certified contractors hired to perform these inspections. Fire extinguishers are checked twice each month by Public Safety Officers and inspected annually by our contractor in accordance with NFPA 10, Standard for Portable Fire Extinguishers.

Newly constructed residential facilities on the campus as well as those that undergo reconstruction, as defined by the building code of Pennsylvania, have sprinkler systems and complete fire and smoke detection and alarm systems.

Supervised Fire Drills

Unscheduled fire and evacuation drills are conducted in the residence halls approximately four times per year in compliance with the section 408.2 of the PA State Fire Code. The drills are conducted and supervised by the Department of Public Safety and the Department of Residence Life Department. Drills are documented and problems are addressed. Students must participate in the fire drills, and it is a violation of the College Community Standards not to evacuate during a drill.

Evacuation Policy and Procedures

The purpose of evacuation drills is to prepare occupants for an actual, organized evacuation in case of fire or other emergency. Occupants of a residence hall and their guests must immediately evacuate the building upon the sounding of a fire alarm, regardless of its nature (drill, false alarm or actual alert) and follow the directions of College officials during the evacuation. During a drill, occupants practice drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In the event of an actual fire, notify a Residence Life staff member or Department of Public Safety personnel immediately. The Department of Public Safety will call 911 for fire department assistance.

Fire alarm pull-stations alert residents only; they do <u>not</u> notify the fire department. At the sound of the alarm, each resident should immediately leave by the nearest fire exit and proceed directly to their assembly location. When possible, students are encouraged to pick up coats and shoes as they exit the building and to close room windows and doors.

The Residence Life staff (RAs) living in each hall assist with accounting for residents outside the building during the evacuation process. Residents are instructed on the location of the assembly area for their hall by the RAs. Residents and RAs are not permitted to re-enter the building until the "all clear" is given by an on-scene Public Safety Officer or fire department official. Should the situation prohibit a timely reentry into the affected building, evacuated residents will be temporarily relocated to another campus building.

Evacuation route placards are posted on the back of the door of each residence hall room. Residents should become familiar with multiple evacuation routes out of their building and should leave from the nearest safe exit. Elevators are not to be used during a fire alarm evacuation of any building.

RAs and residents are to assist individuals with disabilities. If someone cannot be evacuated due to an injury or disability, notify the first Public Safety Officer or RA encountered as you are leaving the building.

Residents are not expected to fight fires and are encouraged not to use fire extinguishers unless designated and trained. Individuals designated and trained by the College in the proper use of

extinguishers may use a portable fire extinguisher to fight a small fire where there is little risk of harm from smoke, heat or flames.

Students, faculty and staff are encouraged to report all campus fires to the Public Safety Department.

Fire Safety Violations and Prohibitions

The <u>Cabrini College Student Handbook</u>, Residence Life Section, contains information on residence hall policies. The Student Handbook is located on the college web page under Student Life. RAs conduct periodic health and safety inspections of residence hall rooms during each semester. Listed below are fire safety guidelines and prohibitions.

- Hanging any items from or attaching any items to ceilings or other horizontal surfaces above the head is prohibited.
- Hanging any items from or draping any items over electrical outlets, smoke detectors, lamps, or other items with the potential to ignite the item through excessive heat exposure is <u>prohibited</u>.
- Hanging any items from sprinkler pipes or within 18" of any sprinkler head is prohibited.
- Electrical outlets and extension cords may not be overloaded.
- Only UL-approved and rated electrical extension cords may be used on campus. The rating
 must be visible and legible on the cord. Total combined voltage of all appliances on the cord
 may not exceed the UL rating for that cord. Cords without the UL label, or those carrying
 total wattage in excess of the cord's rating will be disconnected, confiscated and disposed.
 High power drawing appliances (irons, hair dryers, televisions and refrigerators) should be
 plugged directly into electrical sockets and not extension cords or power strips.
- Surge protectors must be circuit-breaker protected and UL approved. Instead of extension
 cords, use surge protectors for multiple plugs. Surge protectors may not be linked to other
 surge protectors or be placed underneath carpets.
- Candles, lit or unlit, functional or decorative, are prohibited in the residence halls.
- Appliances with open heating elements, including hot plates, griddles, toaster ovens and space heaters are <u>prohibited</u> in the residence halls.
- Items involving open flames (e.g., incense and potpourri burners, kerosene lamps) are also prohibited.
- Flammable/combustible materials, liquids or devices including gasoline, lighter fluid, open paints, paint thinner, turpentine, BBQ grills, helium tanks are prohibited.
- Microwave ovens are <u>prohibited</u> in all residence hall living areas except the Cabrini Apartment Complex.
- Live Christmas trees, wreaths and/or garland are fire safety hazards, and are <u>prohibited</u> in the residence halls. Holiday decorations involving lights must use cords that meet the UL requirements outlined earlier and that are in good condition.
- Equipment or vehicles powered with gasoline or combustible fuels are <u>prohibited</u> in residence halls.

- Blocking or preventing the use of room doors, hallways, exit doors and stairwells or propping of exterior access doors and fire doors is <u>prohibited</u>.
- SMOKING is prohibited in any residence hall.
- Fireworks, projectiles or explosives of any type are prohibited in residence halls.
- Tampering with fire alarm or fire protection systems, including extinguishers, smoke
 detectors, alarms, sprinklers, fire exit signs and fire doors or deliberately causing a false fire
 alarm are violations of the student conduct code and students found responsible are subject
 to strict sanctions.
- The use of halogen lamps or floor lamps is <u>prohibited</u> in residence hall rooms or common areas. Having such lamps will result in disciplinary action and immediate removal of the lamp.
- Keep room clear of fire hazards that are created through the accumulation of potentially flammable materials such as newspapers, magazines, boxes, etc.
- Stairway and hallway fire doors shall be kept closed at all times. These closed doors can contain a fire long enough to allow the occupants to escape.

Fire Safety Education and Training

Residence Life ACs and RAs are staff and students who live in and supervise the College's residence halls. These personnel receive annual fire safety, evacuation, and fire extinguisher training prior to residential students arriving for the fall semester. The staff holds educational floor meetings when students arrive on campus at which time fire safety and evacuation procedures are covered with the resident students. Fire evacuation routes and procedures are posted on the back of the door of each residence hall room.

Fire and building evacuation are also addressed in the <u>Cabrini College Staff Handbook</u> (see http://www.cabrini.edu/About/Leadership-and-Administration/Administrative-Offices-and-Departments/Human-Resources/Staff-Handbook/). Specialized training is routinely provided to service employees (such as Dining Services and housekeeping staffs) who work in high occupancy campus buildings and residence halls.

The Department of Public Safety and the Campus Facilities Department maintain an active working relationship with the Radnor Township Fire Marshall, and consult with that office on matters of fire safety when questions arise. The Fire Marshall's office conducts periodic inspections of campus facilities.

Fire Log

The Department of Public Safety maintains a fire log that records all fires that occur in a residential housing building by the date the incident was reported. The Fire Log is available for public inspection at the Department of Public Safety, and includes the nature, date, time, and general location of each fire reported to the Department. The Department of Public Safety Department posts fire incidents in the Fire Log within two (2) business days of receiving a report of a fire and reserves the right to exclude reports from the log in certain circumstances.

Future Improvements

Cabrini College continues to upgrade and improve its fire safety systems on an as-needed basis. Planned improvements coincide with scheduled renovation, summer projects and/or new construction. There was no new construction performed in 2012 in any academic or residential building.

Availability of the Annual Security and Fire Safety Report

The Annual Security and Fire Safety Report is available online at www.cabrini.edu/AnnualSecurityReport. The College will provide a paper copy of the report upon request.
