

## ATTENTION DEFICIT HYPERACTIVITY DISORDER

### Documentation Requirements Needed for Attention Deficit Hyperactivity Disorder

To document ADHD, a student must submit a current report based on the results of a comprehensive evaluation by a medical doctor or a licensed psychologist experienced in the area of ADHD.

At minimum, the following information must be included:

- A clear statement of the diagnosis of ADHD
- An assessment of cognitive functioning, information processing, and academic achievement based upon results of diagnostic testing
- Identification of procedures and instruments used to make the diagnosis
- Relevant information about the individual's history, which substantiates the diagnosis
- Description of the functional limitations caused by the ADHD in an academic setting
- Recommendations for appropriate accommodations to help compensate for the ADHD
